

Sunscreen Permission Slip

Please take time to make sunscreen application a part of your child's morning routine at home. Applying sunscreen at home means the sunscreen has time to absorb into your child's skin and actually do its job from the moment your child steps onto the playground –and it spares all of our children a minimum of 20 minutes of wait time that would be necessary if the teacher had to apply sunscreen to each child in the classroom.

It is ELC school policy that each child must have sunscreen applied before checking into school each day.

If you wish to have sunscreen reapplied in the afternoon at school, please provide any specific instructions below:

_____ NO, I do not need sunscreen reapplied on my child again in the afternoon.

_____ YES, I would like sunscreen reapplied in the afternoon, if deemed necessary, and give permission for the ELC to use the provided sunscreen: **Banana Boat Kids Sunscreen Spray SPF 50. I HAVE INCLUDED \$5.00 (TO OFFSET THE COST OF THE SUNSCREEN) WITH THIS PERMISSION FORM.**

_____ YES, I would like sunscreen reapplied in the afternoon, if deemed necessary, but **please only use the sunscreen I provide (Write name below) I have written my child's first and last name on the container.**

OTHER specific instructions (if any):

- Please note, a 4 year-old (or older) child may be allowed to apply his or her own sunscreen with teacher supervision.
- By signing below, I agree to the policies stated above, and have provided any applicable products/payment.
